Spring 2010 Newsletter

President's Report

Mount Harmon welcomes spring with a profusion of activity and growth. This season promises to be one of our most productive yet in terms of fulfilling our preservation and educational mission. Our new Education & Discovery Center opens later this spring and will feature wonderful exhibit facilities and expanded educational programming. The EDC will greatly enhance Mount Harmon as a center for Tidewater heritage education and tourism. As an official site on the John Smith Chesapeake National Historic Trail, we will be building on our connection with the Chesapeake Bay and telling the story of Mount Harmon and the diverse role the site has played in the region over the centuries. I would like to offer a special thanks to the Chesapeake Bay Gateway Network, MD State Bond Legislators, Crystal Trust and Chichester Foundations for funding our Education Center project.

As a compliment to the opening of the EDC, beginning in May, Washington College will conduct a six week Field Study Program in Archeology. The program will help us to further understand Mount Harmon's history and importance as a cultural landscape, and provide new educational and interpretive opportunities to benefit our visitors.

To better accommodate our growing programs, I am delighted to announce the appointment of Paige Howard as our first official Executive Director. In her tenure as Director of Development for the past 5 years, Paige's enthusiasm, vision and commitment has resulted in our ability to expand programming, spear-head capital

improvement projects, grow our membership, and cultivate strategic partnerships. We also welcome Wendy Costa to our staff as Education Coordinator. Wendy brings a wealth of experience to MHP as an educator and in curriculum development.

And finally, please join us for our special events this year which promise to showcase Mount Harmon's history and scenic natural beauty as never before. One of the best ways to enjoy Mount Harmon throughout the year is to become a member (see pg. 3 for membership form). I encourage you to visit our website at www.mountharmon.org to learn more about our programs, and be sure to visit us at the plantation this spring and join the hundreds of annual visitors who come and discover a renewed love of history and nature.

~ Elizabeth P. Beckley, FOMH Board President

From the Director

It is an honor to serve as Executive Director for Mount Harmon and be a part of this historic and natural treasure in our community. I encourage you to visit Mount Harmon this spring and share in our many new offerings. Please come see the Education & Discovery Center, join us for our very special Mount Harmon events, and come to our new Summer Family Program Series. Encourage your children's teachers to plan a field trip to Mount Harmon. Tell a friend about the benefits of membership, or better yet, bring them out for a tour or nature walk.

I am pleased to report much progress has been made to develop our interpretive history and educational programming. We are expanding our educational program to include Tidewater history and ecology. Historian Dr. Alexa Cawley is conducting archival research and compiling a detailed site history - which will serve as the basis for our Mount Harmon's Highlights in History Exhibit at the new Education & Discovery Center. Stay tuned for more information about the Education & Discover Center Grand Opening and new education program for the whole family.

We are ever grateful to our supporters and contributors who make it possible to preserve, maintain, and operate Mount Harmon. Dedicated volunteers, sponsors, and supporters like you ensure Mount Harmon's future remains bright - your gifts and memberships make it possible to fulfill our worthwhile

mission to preserve and interpret Mount Harmon for the public's education and enjoyment.

Special thanks to CBGN for funding our Tidewater Education Program; Coslett Foundation for funding the restoration of our Sydney George Fisher portrait; the Sassafras River Association for sponsoring Project Clean Stream; and Greenfingers Garden Club for sponsoring our Yuletide Tour and Flower Show. Thank you to our special event sponsors Chubb Insurance and Manning Napier, and to all of our silent auction donors. To make a gift, join our membership, become an event sponsor or donate an item to our silent auction, please contact me at FOMH or phoward@mountharmon.org. Many thanks for your continued support for Mount Harmon.

Education Corner

Thanks to grant funding from CBN we are developing a new Tidewater Education Program, which expands on the excellent foundation of our colonial history program. This popular program has shown dozens of school children how residents of Mount Harmon Plantation lit up the night, prepared food, heated rooms, spun fiber, sewed quilts, danced, played games, and decorated the mansion.

Using a hands-on curriculum for the 4-6th grade age visitors, we hope to both spark curiosity and provide a glimpse to life on a plantation in Tidewater, Maryland in the 18th and 19th centuries

as well as foster a deeper awareness and stewardship of the ecology of the upper Chesapeake Bay. Students will have access to new activities in addition to our current offerings.

Educational activities for families and kids of all ages are in the works, too. Our new Summer Family Program series features nature and history inspired activities on select Saturdays at 10am (June 26, July 31, August 21). Please contact us with your program requests and ideas! Also, we now offer nature and history themed birthday parties for children – a great way to celebrate your child’s special day! Starting this season, our youth visitors can make

hornbooks, write with quill pens, cut out silhouettes, create cornhusk dolls, read secrets in old diaries, try on period clothing, build colonial brick patterns and more. They’ll be able to make a simple compass and to magnify the beauty of Mount Harmon with binoculars and magnifying glasses; use a seine net to discover the incredible variety of life in the creeks that almost surround Mount

Harmon; calculate the age of living trees and discover the fascinating features of the Osage Orange trees that line the long driveway. Families will be able to enhance their explorations of the pond and the trails at Mount Harmon with printed guides to some of their features. **Contact Education Coordinator Wendy Costa at FOMH or wcosta@mountharmon.org for more info about our education programs.**

Volunteers, Supporters Help make 2009 Best Season yet for Mount Harmon Plantation!

Our 2009 Season was very busy! Thanks to a revamped website, some very thoughtful published articles about MHP and the dedicated volunteer team at Mount Harmon we had one of our best seasons ever! Thanks to the “words of praise” from our docents, volunteers, Friends, and guests we’ve seen the highest numbers of visitors and hosted more weddings here at MHP than ever too! If you missed our lovely 2009 Yuletide tour, please join us in December 2010. A very special thank you to Sandy Simonson and the Greenfingers Garden Club for decorating the manor house so beautifully. All proceeds from Yuletide benefit Mount Harmon.

Another “Hearty Thank You” to the Volunteers of Mount Harmon. It is impossible to praise each

Katie Zang back again, and Lorraine Lehmicke and Sue Coleman who will be

staff and volunteers wish to express sincere sympathy to the family of Laura Gosney, a wonderful and long-time docent for Mount Harmon. We are so grateful to our volunteers, who make our visitor programs possible.
