# BRIDE REVIEWS

My husband and i got married at Mount Harmon in October, We feel we had the wedding of our dreams! Everything couldn't have been more perfect for us. Having the ceremony in the gardens really makes it feel so much more special. Becca was our wedding coordinator and she continued to go above and beyond for us!! The whole staff at the plantation is incredible, They make you feel like family.

Couldn't have asked for a more unique and beautiful place to have our wedding. The boxwood garden is absolutely breathtaking. Everyone we worked with throughout the process were so kind and helpful. Our wedding day couldn't have been more perfect. Highly recommend!

I had my wedding here September of 2023 and I couldn't have asked for a more perfect day! All communication leading up to our wedding was very clear, they were always quick to answer any questions we had and so kind to us through the whole process. We still get compliments on how fun our wedding was and how beautiful the the whole property is! Thank you MH for making our special day the best day ever and special thank you to our day of coordinator Mary for going above and beyond.
